Oahu offers, in the rides to Tantalus and the Pali, the Punchbowl IN THE McINERNY BUILDING. FORT ST., and Diamond Head, many a beautiful panorama. They alone would repay the traveler for the trip. But one might as well visit California and not see Yosemite, as come to Hawaii and fail to visit Haleakala

and Kilauea. This brings me to my second proposition, which is that your people invariably magnify the dangers and difficulties of the trip to Hawaii and Maui. When we asked which of the two routes to Kilauea was the easier we were told that we would find either attended with terrible hardships. Sea sickness, protracted horseback rides, walks and climbs over slippery lava fields filled our dreams for days and nights before we started. Some of our party carried as many as five pairs of shoes to provide against the destructive power of the glassy lava fields.

I must say that none of these

"lions in our path" came up to our expectations. We took the Hall, to Punaluu, in going, and we returned by Hilo, so that we had ample opportunity to test the relative merits of the two routes. Our judgment was that either was better than it had been pictured, and repaid, in beauty and interest, any temporary discomfort the traveler might suffer. A few hours of sea sickness one may well count upon; DAILY PACIFIC COMMERCIAL ADVERTISER even the best of sailors are seldom proof against the choppy sea of the Per year, with "Guide'. premium.. \$ 6 00 | channels. The landing in the surf at Punaluu is another bugbear to the timid. In the hands of the brave kanaka boatmen you are as safe as you would be at home in your bed. The thing is worth doing once for the exhileration of a new experience. I cannot dwell upon each stage of the trip; I have already trespassed too long on your time. Suffice it to say that none of the so-called hardships are beyond Carriers are not allowed to sell what one who has traveled elsewhere expects to encounter. The seventeen-mile hørseback ride on twenty-three-mile stage ride on the Punaluu side. The difficulties in the way of reaching Haleakala have been equally magnified. It is not far from the truth to say that we met with no difficulties in that trip. Over half the ascent of the mountain can be made in carriages, over an excellent road, which as it ascends reveals a panorama of MR. EDITOR: It may seem like ever increasing loveliness. The to order.
